

Magna Carta: The Medieval Roots of Modern Politics

Filesize: 6 MB

Reviews

This publication is definitely not simple to begin on studying but quite fun to see. It really is full of knowledge and wisdom I am just effortlessly can get a satisfaction of studying a created pdf.
(Alfreda Bradtke)

MAGNA CARTA: THE MEDIEVAL ROOTS OF MODERN POLITICS

Quercus. 1 Cloth(s), 2015. hard. Book Condition: New. In 1215, King John I of England faced a domestic crisis as several baronial landholders rebelled against his heavy-handed rule. Though their written "Articles of the Barons" sought protection for themselves, the rough document was edited and amplified by the Archbishop of Canterbury as a charter of basic rights, becoming the Magna Carta, and further mythologized by later scholars who used it to argue for the rights of all citizens. Historian and television presenter David Starkey here untangles historical and modern misconceptions about one of the founding documents of democracy. Along the way, he shows how the Magna Carta laid the foundation for the British constitution, influenced the American Revolution and the U.S. constitution, and continues to shape jurisprudential thinking about individual rights around the world today."A soaring account of the months that transformed a messy feudal squabble into Magna Carta, a document of transcendent historical importance in the English-speaking world. It is a reminder that, when Starkey flexes his historical muscles, he is a mighty impressive scholar. And his crisp storytelling, based around short chapters and rolling rhetoric, is extremely entertaining." Dan Jones 285.
