IN VITRO DATE PALM SOMATIC EMBRYO FROM CELL SUSPENSION CULTURE

Book Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Date palm somatic embryo from suspensions culture and application of arbuscular mycorrhizes in protection of plants | Somatic embryogenesis is one of the most important technologies for plant regeneration of elite date palm cultivars, which presents a great potential for the rapid propagation and genetic resource preservation of this species. Considerable progress during recent years has been made in the development and optimization of this regeneration pathway through the establishment of...

Reviews

It in a single of my personal favorite publication. This is for those who statte that there had not been a worth reading. I am just easily can get a enjoyment of reading a written ebook.

-- **Myrtie Pagac**

If you need to adding benefit, a must buy book. I am quite late in start reading this one, but better then never. I am just quickly could possibly get a delight of reading through a published ebook.
