Brand New Book ***** Print on Demand *****.The Department of Veterans Affairs (VA) provides mental health services to veterans with conditions such as post-traumatic stress disorder (PTSD) and substance abuse disorders. To address gaps in services needed by veterans, VA approved a mental health strategic plan in 2004. VA planned to increase its fiscal year 2005 allocations for plan initiatives by \$100 million above fiscal year 2004 levels and its fiscal year 2006 allocations for plan initiatives by \$200 million above fiscal year 2004 levels. GAO was asked to provide information on VA s allocation and use of funding for mental health strategic plan initiatives in fiscal years 2005 and 2006, and to examine the adequacy of how VA tracked spending and the extent of spending for plan initiatives. GAO reviewed VA reports and documents on plan initiatives and conducted interviews with VA officials at headquarters, 4 of 21 health care networks, and seven medical centers. VA networks provide oversight of medical center operations and most medical center resources.
