Horsington Press, United States, 2011. Paperback. Book Condition: New. 201 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Join Jessica and Keith in a dangerous adventure when they stumble upon grainy war-time footage of a forgotten Nazi flying machine as well as plans for its construction. Jessica, an intelligent beautiful young psychic, and Keith, her deeply troubled lover, have no business leaving Hollywood to creep in flooded underground war-time ruins that may collapse at any moment. They should have stayed where they belong, helping their friend David direct the world s first TV parody of the porno film industry. Why leave the excitement and sex to crawl through freezing tunnels amidst the stink of corpses and concentration camp skeletons? They could have stayed home in a soft warm bed enjoying the sensual pleasures of being twenty-five and deeply in love. Only Jessica can tell us why she is blindly following visions from a ghost, an ancestor who drags them relentlessly toward their own deaths. Although this is a work of fiction, serious books such as AREA-51 and THE HUNT FOR ZERO POINT lend credence to the belief that much that was invented in gruesome labs deep behind enemy lines years ago remains hidden. Jessica s story might turn out to be close to the truth, perhaps too close. Jessica and Keith first appeared in SENIORS HAVE IT TOUGH, A Walleectomy Hits The Big Screen, which describes their crazy lives just before the book you are holding.
