By James Gipson

Speedy Publishing LLC, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.James Gibson shows you how to save money and raise organic crops you will share proudly with friends and relatives! Organic gardening needn't be difficult. In fact, it can be downright fascinating and rewarding, especially if you start out on the right foot. Gardener and landscaper, James Gibson, has accumulated a lot of organic gardening wisdom over the years, and he helpfully breaks it all down for you--translating complex ideas into simple, easy to follow advice that will transform you into a veteran organic gardener before you know it! You won't need a college degree in science or agriculture to understand Gibson's organic gardening theory or his explanation of the benefits of organic gardening. Once he is finished discussing theory, he shifts straight the planning and process--choosing the right location, size, and layout of your garden. Once your gardening plan is completed, Gibson tells you how to test your soil's PH levels and its percentage of organic matter. The planting stage is crucial, so Gibson provides a lot of detailed advice including:...
