

In the Shadow of Asclepius - Poems from American Medicine (Paperback)

Filesize: 7.62 MB

Reviews

An extremely wonderful pdf with lucid and perfect explanations. I could possibly comprehend every little thing out of this created e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Janie Wilkinson)

IN THE SHADOW OF ASCLEPIUS - POEMS FROM AMERICAN MEDICINE (PAPERBACK)

Dog Ear Publishing, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. This collection of Howard s poetry is a delight to read. His poems speak directly to us. They are accessible, engaging, and, most of all, truthful. Jack Coulehan, M.D. Stony Brook University Medical Center In the poetry itself, I appreciate Stein s sense of moral clarity, the importance of doing the right thing (Why we re here). A pervasive element throughout these poems is his great empathy for both doctors and the always suffering, sometimes hopeless, resentful patients they serve (Acronym). Johanna Shapiro, Ph.D. Department of Family Medicine University of California-Irvine In the Shadow of Asclepius brings together poems written over a forty-year career of teaching and living in American medicine as a medical, psychoanalytic, organizational, and applied anthropologist. Howard Stein s poems from American medicine are the fruit of careful listening, observing, and often bearing witness to people s experiences and stories. Many poems in this book come from Stein s love of and long familiarity with the culturescapes and landscapes of Oklahoma. Through empathy and an inner resonance with the people and situations he evokes, Stein shows how poetry can not only contribute to medical humanities, and more broadly to the humanities in general, but can also hone scientific, clinical acumen as well. That is, poetry can not only enhance self-awareness, empathy, and the doctor-patient relationship, but it can also improve the diagnostic process, the treatment, and the clinical outcome. This book deserves a wide readership among medical educators, practicing physicians, professionals in the clinical behavioral sciences and medical humanities, patients and their families, and all those interested in the lives touched by medicine in the United States.
